

PLRB Events Registration

PLRB PARTICIPANT WAIVER

OUR PLEDGE

PLRB pledges to consult with our event hosts, review government recommendations, keep abreast of event industry literature, and take advisable measures to reduce the risk of virus transmission between people participating in our conferences and related events. The scope of the efforts undertaken is too expansive to list here, but, in general, the scope of risk mitigation efforts includes matters related to the accommodations, public areas, housekeeping, food and beverage, engineering, signage, registration, communications, space capacities, layouts, and function space.

While not required, PLRB strongly recommends participants be vaccinated to participate fully in the meetings and activities.

Despite our best efforts, PLRB is unable to reduce the risk levels to zero. Therefore, we ask participants to affirm that they understand and assume the risks presented by contagious diseases when participating in live, face-to-face meetings, functions, and events.

PARTICIPANT LIABILITY WAIVER AND ASSUMPTION OF RISK

I assume the risks and accept responsibility for illness, loss, and expense that I and others may experience from contagious diseases due to attending PLRB events. I release, covenant not to sue, discharge, and hold harmless PLRB, its employees, agents, and representatives as well as those of the host hotel and venue, of and from any such claims.

CODE OF CONDUCT

In addition to all other rules and regulations relating to attending PLRB functions and events, I agree to comply with all COVID-related procedures implemented by PLRB and the host hotel or venue such as mask-wearing, social distancing, temperature screening, and other procedures or restrictions on certain activities that carry higher COVID-related risk regardless of whether federal, state, or local laws dictate the use of these practices. All such requirements may become more or less strict at any time.

I agree to monitor my own health status and will not attend PLRB functions and events if I am symptomatic in any way or if I believe I have been exposed to someone with COVID19.

I agree to honestly complete a self-screening-declaration via CLEAR HEALTH PASS regarding COVID exposure and symptoms before functions. I understand that when answering yes regarding certain exposures in time and proximity and symptoms, that means I should not attend the function or any further functions.

I acknowledge that I always have the option to not participate if I don't like the event rules or if I believe risks are too high for my comfort level or that if I don't wish to agree to this waiver. I can leave at anytime. I do not ever need to enter any event function space or area.
